

# Golden Age Developments Presents:

For the Caledonia Works 812

Dumfries Goods Turn (1960)

By GAD Leonard

## Pack Details

This pack contains 5 scenarios the morning Dumfries-Port Road goods turn.

There were two Dumfries-Stranraer goods trains per day, mostly in the hands of LMS Crabs, but Dumfries maintained a small stud of 812s for local work into the early 60s.

These scenarios cover the early Dumfries shift, which involves taking the early morning Dumfries-Stranraer goods to Newton Stewart, changing trains with the morning Stranraer-Dumfries goods, and working home.

The pack is formed as follows:

- Part I        - Dumfries - Loch Skerrow
- Part II       - Loch Skerrow - Newton Stewart
- Part III      - Newton Stewart - Loch Skerrow
- Part IV      - Loch Skerrow - Crossmicheal
- Part V       - Crossmicheal - Dumfries

Estimated total Playtime: 7 hours

## Requirements

### Payware

[CW CR 812](#)

[CW CR 72](#)
