For the Caledonia Works A4

1967's Sir Nigel Gresley's Tour on the Southern

By GAD Leonard

Pack Details

This pack contains a series of 5 scenarios which cover the Bournemouth to Weymouth section of The A4 locomotive Society ltd.s “Sir Nigel Gresley Tour on the Southern” Railtour, on Sunday the 4th of June 1967.

This was mere days before the Bournemouth electrification scheme was finished, and much BR Blue stock was in evidence.

On the return journey the train was banked twice up Bincombe and Parkstone banks. The journey has been broken into several scenarios to facilitate the attachment of banking locomotives at Weymouth and Poole.

Player timings were taken from Six Bells Junction’s website, and AI timings from a mixture of photographs and timetables.

The pack is formed as follows:

- Part I - Passenger run Bournemouth to Weymouth
- Part II - Light Engine move and depot servicing
- Part III - Return from MPD and attachment of Bincombe Banker
- Part IV - Passenger run Weymouth to Poole
- Part V - Attachment of Banker, Passenger run Poole - Bournemouth.

Estimated total Playtime: 2.5 hours.
